## [Biography]

Grzesiak is a passionate artist who transforms raw, emotional energy into intense and vibrant sets. Classically trained in piano at the conservatory, she now transposes that melodic sensitivity into a sincere and nuanced electronic universe.

Deeply influenced by the power of the free party scene she discovered upon turning eighteen, she has developed a visceral approach to music, one built on tension, grace, and communion.

Based in Bordeaux, she has been asserting her identity both behind the decks and in music production since 2023. Her goal is clear: to forge an authentic connection with the audience and turn every performance into a shared moment of release.
